# Manage Events: Add Event

The screenshot shows the 'Clipping Database' interface. At the top, there is a navigation bar with tabs: Publications, Clippings, Events (highlighted with a green box), Reports, and Full Help. Below the navigation bar, the 'Events' section is active, displaying the title 'EVENTS - ADD EVENT'. The form includes several input fields: 'Area\*' (pre-filled with 'ASIA\_PACIFIC'), 'Title\*', 'Type\*' (a dropdown menu), 'Event Date\*' (with a calendar icon and format '(Mon/dd/yyyy)'), 'Pr Ref\*', and 'Product or Subject\*'. A note indicates that fields with an asterisk are required. At the bottom, there are three buttons: 'Submit', 'Reset', and 'Search Event'. Annotations with green lines point to specific elements: one points to the 'Events' tab, another to the 'Click "Events" button to open this page.' text, a third to the 'Search Event' button, and a fourth to a help icon (a red circle with a question mark) in the top right corner. A text box next to the help icon says 'Click here to open this help document.' Another text box next to the 'Search Event' button says 'Search Event button allows the user to go to search event form.' A third text box next to the 'Area\*' field says 'This form allows the user to enter a new event.'
